- **The Split-Bet Strategy:** Utilize both wagering panels. Set one panel to auto-cashout early at 2.00 x to protect the base bet, and let the second panel run easily to chase higher multipliers (e.g., 10x+).
- **The Martingale System (Use with Caution):** Doubling the bet after every loss in an effort to recover previous deficits. *Note: This strategy requires a substantial bankroll and can rapidly hit gambling establishment table limits.*
