3. Pachinko

Influenced by the traditional Japanese arcade game, Pachinko is all about gravity and anticipation.

- **The Setup:** A large Pachinko wall filled with a grid of physical pegs is displayed on screen. At the bottom are several landing zones, each featuring a multiplier.
- **The Action:** The video game host drops a radiant puck from the top of the board. As the puck bounces arbitrarily down through the pegs, it eventually settles into among the bottom multiplier zones. If the puck arrive on a "DOUBLE" zone, all the bottom multipliers double, and the host drops the puck again for even larger wins.

4. Crazy Time

- **The Setup:** Behind the door lies a colossal virtual wheel featuring 64 sectors loaded with massive multipliers and "DOUBLE" or "TRIPLE" sections. Three flappers (Green, Blue, and Yellow) sit at the top of the wheel.
- **The Action:** The gamer picks one of the three flappers before the wheel spins. When the wheel stops, the player wins the multiplier suggested by their selected flapper. If it arrives on a "DOUBLE" or "TRIPLE," the wheel spins again, and all multipliers on the board are multiplied accordingly, as much as an optimum cap of 20,000 x.
