The "gentle girl" style is also in demand, defined by pastel colors, fluffy textures, and sweet, gentle accents. This approach generates a cozy, comfortable, and gentle feel that many teen girls adore.

The "urban chic" concept is also trending, particularly among male teens. This vibe incorporates edgy, casual elements, often taking cues from urban style and featuring urban brands and a laid-back, effortless feel.

K-pop themed parties are particularly big in KL, given the widespread appeal of K-pop in Malaysia. Parties might include K-pop music and dance, sing-alongs, and themed decorations that reflect the K-pop style.

Esports-style gatherings are also trending, especially for the male youth crowd. These can include LAN parties, challenges, and gaming-themed snacks and decor.
