If it fails, the bet is lost.

- **Massive Potential Payouts:** Depending on the casino, multipliers can often be set as high as 1,000,000 x or more.
- **Total Control:** Players are not at the mercy of pre-determined reels; they pick their own risk-to-reward ratio on every spin.

3. **Review the Win Probability:** As the target multiplier modifications, the game immediately calculates the win chance (expressed as a portion).
4. **Struck "Bet" or "Play":** The round is started.
5. **The Reveal:** The game creates a random number. If the number is equal to or greater than the target multiplier, the gamer wins their stake multiplied by their target.
