The Top Slot Feature

- **Reel 2** displays a multiplier (varying from 2x up to 50x).

If the sign on Reel 1 matches the segment where the main wheel lands, the multiplier is applied to that win. If the Top Slot pairs a multiplier with a bonus offer round, all prizes inside that perk round are increased accordingly, causing the massive payments Crazy Time is famous for.

Dive Into the Four Bonus Rounds

The primary factor players flock to Crazy Time is the quartet of interactive reward games. When the wheel stops on a reward segment, players who placed a bet on that specific sector are transferred (either digitally or aesthetically) to a new mini-game.

1. Coin Flip

- **Frequency:** 4 sectors on the wheel.
- **How it works:** An easy coin with a red side and a blue side is flipped by a mechanical flipper. Each side is designated a random multiplier before the flip. Whichever side lands deal with up wins the multiplier for the participating players. If the multipliers are low, a "Rescue Flip" can in some cases be activated for a 2nd possibility.

2. Cash Hunt

- **Frequency:** 2 segments on the wheel.
- **How it works:** Players deal with a massive screen displaying a carnival gallery of 108 random multipliers concealed behind various icons (such as a cactus, a target, or a chef's hat). A countdown starts, and gamers should use an on-screen crosshair to select a single icon. When time expires, all icons reveal their surprise multipliers, and gamers are granted the multiplier corresponding to their selected target.

3. Pachinko

- **Frequency:** 2 sectors on the wheel.
- **How it works:** Inspired by the standard Japanese arcade video game, players see a big Pachinko wall filled with physical pegs. The live host drops a puck from the top. As the puck bounces down through the labyrinth of pegs, it eventually lands in one of the slots at the bottom, each containing a multiplier. If the puck lands in a "DOUBLE" slot, all multipliers at the bottom double, and the puck is dropped again for even higher stakes.

4. Crazy Time

- **Frequency:** 1 section on the wheel.
- **How it works:** This is the ultimate reward round. The host opens a red door leading into a surreal, colossal virtual world behind the wall. Gamers are confronted with a huge wheel featuring 3 flippers (Green, Blue, and Yellow). Gamers choose among these flippers before the wheel spins. The wheel includes enormous multipliers, "DOUBLE," and "TRIPLE" sections. If a flipper arrive at a double or triple, all worths on the wheel boost, and the wheel spins again. Multipliers in this round can rise to a shocking **20,000 x**.
