What is a CS: GO Case Battle?

At its core, a case battle is a multiplayer variation of standard case opening. Instead of opening a case alone in the personal privacy of your inventory, gamers go into a lobby where 2 to 4 individuals purchase into [Website link](#) a shared pool of cases.

When the battle starts, every participant opens the precise very same cases concurrently. The products are exposed round by round. At the end of the battle, the total monetary value of all the skins dropped for each player is computed. **The gamer with the greatest cumulative skin value wins the whole contents of the pool.**

Key Variations of Case Battles

- **1v1 Battles:** The classic battle. Winner takes all.
- **1v1v1v1 (Free-for-All):** Four players get in, but only one walks away with the loot.
- **Group Battles (2v2 or 3v3):** Players pool their earnings with teammates, and the team with the highest combined value wins.
- **Terminal/Crazy Mode:** Unique game modes where the rules are flipped-- for example, the player with the *most affordable* overall value wins the pot.
