1. Coin Flip

- **Frequency:** 4 segments on the wheel.

When time ends, all cannons fire, exposing the specific multipliers behind the chosen targets.

3. Pachinko

- **Frequency:** 2 sections on the wheel.
- **How it works:** Inspired by the traditional Japanese arcade video game, this perk round includes a huge physical Pachinko wall filled with pegs. The host drops a radiant puck from the top of the board. As the puck cascades downward, bouncing off the pegs, it ultimately lands in one of the slots at the bottom, which displays a multiplier. If the puck lands in a **"DOUBLE"** slot, all multipliers at the bottom of the wall double, and the host drops the puck once again for even bigger rewards.

4. Crazy Time

- **How it works:** The supreme bonus round. The host opens a red door, leading players into a lively, whimsical virtual world dominated by an enormous virtual wheel consisting of 64 sections and three flappers (Green, Blue, and Yellow).

 2. The presenter presses a huge red button to spin the massive wheel.
 3. When the wheel stops, the multiplier suggested by the player's selected flapper is granted.

4. If the flapper points to a "**DOUBLE**" or "**TRIPLE**" sector, all multipliers on the wheel double or triple, and the wheel spins once again-- as much as a maximum cap of **20,000 x**.
