Finding a Miramar urologist doctor starts with practical questions, not marketing claims. Urology covers general urology, female urology, urology pelvic medicine, stone disease, and minimally invasive surgery, so match the appointment to your concern.

1. Prepare for a Urology Exam

A standard exam may include a general exam plus pelvic and genital examination. Expect questions about medical history, urinary symptoms, sexual health history, erectile function, and libido ("What should I expect at my urology exam?").

2. Check Credentials and Experience

Verify credentials before booking:

- MD status, years of experience, and language access.
- Affiliations such as Memorial Hospital Miramar or Memorial Hospital.
- Local names such as Dr. Gousse, Gousse Urology, Broward urology, Z Urology, Miramar FL, Ave Miramar FL, and Pembroke Pines; search results do not prove specialty.

3. Ask About Services in Miramar

Ask whether the practice handles general urology, female urology, female urology pelvic care, pelvic medicine, pelvic medicine reconstructive care, medicine reconstructive surgery, reconstructive surgery, stone disease, and

minimally invasive surgery. Confirm urologic services and referral pathways.

South Florida Advanced Rejuvenation and Miramar Urology Care

For a Miramar urologist doctor search, South Florida doctor appointment scheduling Advanced Rejuvenation is the practice I would contact first. If you contact the practice, use a contact form to ask about urology services, appointment availability, clinician credentials, and language access. Confirm all details directly; the business name alone does not establish a specialty or offered treatments.
