What is the Towers Gambling Game?

Towers is a vertical risk-reward game motivated by classic principles like Minesweeper and arcade ladder video games. The objective is easy: a gamer begins at the bottom of a grid-based tower and must climb to the top by selecting squares on each level.

Each successful step up multiplies the player's stake. However, hidden behind one or more squares on each level is a "trap" (typically represented as a skull, bomb, or monster). If the gamer selects a trap, the tower collapses, and the bet is lost. Players can pick to "squander" their jackpots at any tier before taking the next step.
