- 2. The Boat Departs:** Once the betting window closes, the fisherman triggers on the water, and the multiplier starts ticking up from 1.00 x.
- 3. Cash Out:** Players should monitor the rising multiplier and hit the **"Cash Out"** button before the round suddenly ends.
- 4. The Catch (Partial Cash Out Feature):** Unlike numerous standard crash video games, Big Bass Crash includes a special "Cash Out 50%" feature. This permits gamers to protect half of their jackpots while leaving the other half to ride for a greater multiplier.
